TONOPAH DAILY BONANZA

Today's Silver
Quotation, 53 1-4

VOL. X. NO. 47

TONOPAH, NEVADA, SATURDAY EVENING, JUNE 17, 1911.

PRICE 10 CENTS.

ADVENTURER FROM BRITAIN ARRESTED

SAN FRANCISCO, June 17.—General Carl Rhys Pryce, the British soldier of fortune who was one of the commanders of insurgents in Lower California, and connected with the social revolt there, was arrested here yesterday by a United States marshal on ten indictments found in Los Angeles for violating the neutrality laws.

Unable to furnish \$5000 bail, he will be taken to Los Angeles this afternoon.

CHIEF SEYMOUR HAS RESIGNED

CHIEF OF POLICE GIVES WAY
TO SUCCESSOR APPOINTED
BY COMMISSIONERS.

SAN FRANCISCO, June 17.—John F. Seymour ended San Francisco's two weeks' reign of two chiefs last night by resigning from the office of chief of police. The struggle in the courts, which ended in the resignation of Seymour and the installation of D. A. White, was marked by the resignation of three police commissioners and a bombardment of writs and injunctions during which time the city had an acting chief without recognition from the courts, and a chief with court sanction, but no power to act.

Three separate charges were filed against Seymour, the main charge being that he had protected gambling, and the struggle between Seymour and Mayor McCarthy, his former intimate friend and political ally, who launched the attack against him, was complicated by factional and political issues.

At the time of Seymour's resignation last night there was still pending the hearing of a writ of prohibition in the superior court by which the police commission was restrained from dismissing Seymour until after a review in the courts.

The former chief gave no reason for his action other than to say he was tired of the terrible struggle.

White, the new chief, is a political supporter of Mayor McCarthy and an employee of the San Francisco Gas and Electric company.

TWO PURE FOOD COMMISSIONERS ARE IN TOWN

Professors S. E. Ross and C. E. Denmore, of the University of Nevada, are in Tonopah. The gentlemen are on official business connected with the pure food act of the United States government, and their mission is to examine into the milk and food supplies of the camp. They will see that measures are correct and that all products are labeled properly, and that the letter of the law is carried out in regard to pure foods. This is an important commission, and anyone knowing of an evasion of this law should notify these gentlemen. They can be found at the Mizpah.

CLARK AND WILSON URGE MORE ACTIVITY IN 1912

HARRISBURG, Pa., June 17.—Champ Clark and Governor Woodrow Wilson last night addressed the largest democratic mass meeting held in Central Pennsylvania in years. Both speakers took the present political conditions as their theme, discussing the recent democratic triumph and urging renewed efforts in 1912.

SMALL TOWN ABLAZE.

ABERDEEN, S. D., June 17.—In a fire which is raging in Madridge, S. D. a small town 100 miles west of here, two men have perished and many were injured.

See the views of the early days of Tonopah at the Butler tonight.

OLD HALIFAX PROPERTY WILL START OPERATIONS NEXT WEEK

Almost a Certainty That the Belmont Ledge Will Be Picked Up in This Property--Big Equipment Will Be Installed and Work Rushed

The old Halifax property, which lies east of Mount Oddie and adjoins the Belmont company, will be started up next week. A new shaft will be sunk at a point about 500 feet east of the east end line of the Belmont property and 200 or 250 feet south of the north side line of the Halifax property.

It is thought that the Belmont ledge can be encountered at this point and if not caught in the shaft, will be picked up with very little crosscutting. As the most easterly face in the Belmont is close to the Halifax it does not seem possible that this latter prop-

erty can fail to find the ledge.

No time will be lost in getting started and a small hoist will be used until the heavy machinery that has been ordered arrives. The new equipment will be capable of sending the shaft down to the 2500-foot point, but from what is known of the formation in that part of the district it is almost a certainty that the vein will be encountered before the 1500 point is reached. The company is a strong one and chief among its financial backers are "Borax" Smith and Thomas F. Kearns of Utah. Construction will start on the surface houses the coming week.

MANHATTAN IS LOOKING BETTER RIGHT ALONG

EDITOR MIX SAYS THE MINERS
ARE JUST BEGINNING TO
FIND ORE.

Editor N. H. Mix of the Manhattan Mail, arrived in Tonopah last evening and will spend several days in this city. Mr. Mix, in speaking of Manhattan, says the camp is looking better all the time. In the past the miners spent their time looking for high-grade ore and they are now finding where their commercial ore bodies are and the result is that quite a number of the properties have been placed on a paying basis.

This past week a new strike was made on the lease of Gillen and Ferguson on the Union No. 4, but it is a little too early to state the importance of the discovery.

The Bath Brothers have just completed a run of 300 tons of ore at the War Eagle mill that ran \$35 to the ton, and the Big Four has now started a run at the same mill of 500 tons of ore that is estimated to go \$50.

VOUCHER CALLED "DOCTORED" SECRETARY KNOX PROTESTS

WASHINGTON, June 17.—When Secretary of State Knox appeared yesterday before the house committee on expenditures in the state department, he presented the long missing voucher for \$2450 in the Daly portrait case, and of which the artist received only \$850, leaving \$1600 unaccounted for.

Chairman Hamlin examined it and declared he firmly believed the voucher had been "doctored" since the beginning of the investigation.

Secretary Knox protested and Mr. Hamlin hastened to absolve him of any suspicion whatever in the matter.

Have Your Glasses Fitted and Watch the pleased faces leave the Idora at the end of each performance.

CONVICTED MAN BUYS OWN TICKET TO JAIL

CRIPPLE CREEK, Colo., June 17.—Unaccompanied and carrying his own commitment papers, William Gleason, sentenced to ninety days in jail for felonious assault from the district court of Colorado Springs, walked to the county jail here last night, and asked to be shown to his apartments in the county prison. Gleason bought his own railroad ticket from Colorado Springs to Cripple Creek, and before going to jail he went to a restaurant and ate a hearty meal.

Come early and avoid the rush at the Idora.

TEACHERS HAVE BEEN SELECTED FOR NEXT YEAR

NEW PRINCIPAL IS CHOSEN FOR
HIGH SCHOOL TO SUCCEED
CLAUDE SCHOER.

At a meeting of the board of school trustees, held June 12, the teachers for the coming year were elected. Only two changes were made. A. H. Yoder was elected principal of the high school to succeed Claude Schoer, and Miss Florence McNeil resigned, and the appointment to fill her place has not been filled. The following teachers were selected: Miss Louise Pohl, Miss Helene Slavin, Miss Anna Bradley, Miss Georgia Bennett, Miss Muriel Robb, Mrs. Jennie Curieux, Miss Rene V. Ross and Miss Edna Sullivan.

The new principal, Mr. A. H. Yoder, comes from Woodburn, Oregon, and his recommendations are very high. Miss McNeil will resume her studies at some university.

BERKELEY POLICE HEAR TALKS ON WEEDS

BERKELEY, June 17.—In these enlightened days of summer school courses and first aid specialization for members of the Berkeley police force, new forms of instruction are being devised for the men in blue of the college town. The very latest mental exercise planned is a lecture course on city ordi-

This department will have at its head City Attorney B. D. M. Greene.

The first lecture will be given Monday. The instructor will first seek to make interesting the subject of grass, weeds and rubbish. All three are causing a deal of worry for the municipal authorities and the police, on account of an ordinance which provides that citizens shall clear the sidewalks and gutters of the objectionable growths and accumulations.

POSTOFFICE WINDOWS WILL OPEN EARLIER

A change has been made in the opening hours at the local postoffice which will go into effect tomorrow morning. The windows will be open at 8 o'clock instead of at 8:30, as at present. This change is made to enable the purchase of stamps and transaction of business before the morning train leaves.

ANOTHER ARRIVAL: POPULATION INCREASES

A baby boy has arrived at the home of Mr. and Mrs. Mike Flint. Mother and child are reported to be doing nicely.

Our pictures are bright and distinct and music just fair at the Butler.

STOPPING PLACE FOR OVERLAND STAGE BURNS

CARSON CITY, Nev., June 17.—Spooner's Station, one of the well known stopping places of the overland stage in the early days, was destroyed by fire last night. The place in later years has been a ranch house. It was located at the summit above Lake Tahoe and was included in the route driven by Hank Monk of Mark Twain and Horace Greeley fame.

UNEASINESS SHOWN BY DISTURBANCES

DISORDERS NOT OF CONCERTED
CHARACTER—MADERO TO BE
WELCOMED ON RETURN.

MEXICO CITY, June 17.—From four widely separated points of the republic comes news of disturbances of a revolutionary character. This information has served to embarrass the federal government. At the national palace its importance was minimized, but there appeared to be no doubt the disturbances reflect a spirit of unrest and the return of Madero will be welcomed. It is thought he will be able to assist materially in pacifying the disaffected elements.

The disorders reported were in the states of Jalisco, Toluca, Vera Cruz and Mexico. There appears to be no connection between them whatever. In the state of Jalisco the dissatisfaction was on the part of Indians living near Lake Chapala in the nature of a minor anti-foreign movement directed against German and American farmers.

The disturbance at Vera Cruz was occasioned by a small body of insurgents who were determined to give up their arms and return to their homes. They are reported to have taken possession of Cuayucan, a small village close to the southern border.

In the state of Toluca no active plot of revolutionary character was discovered in the town of Cuernavaca. Prisoners declared they have been asked to join the movement against the government.

Declaring neither he nor his men are satisfied with the choice of governor for the state of Mexico, the rebel leader, Vera, who is said to have in his command more than 1000 men, boasted he will lead his force upon Toluca, the state capital, and reorganize the state government to his own liking.

BOYS RUN AWAY FROM PARENTS

Two small boys by the name of Straight and Wall, about 12 years of age, ran away from their homes in Manhattan night before last and were captured by the officers in this city yesterday, but on request of the mother of one of the boys, who happened to be in this city, they were turned over to her care and are now once more among the missing. The boys left Manhattan on two horses, without saddles or bridles, and after a night's ride, arrived in this city.

The father of one of the lads telephoned and had them stopped but the mother of the other lad, who happened to be in Tonopah, said she would take care of them. The boys stole a march, however, and, securing their steeds, are again on the way.

TO MOVE CAPITAL.

VICTORIA, B. C., June 17.—News was brought by the steamer Tacoma Maru yesterday that the new viceroy of Manchuria has decided to remove the capital from Mukden to Changchun, giving the reason that the latter place is in better geographical position to keep in close touch with the Russians and Japanese.

Entire new show tomorrow (Sunday) at the Idora.

COUSINJACK WRESTLING AND TUG-OF-WARS FOR FOURTH

Sports Committee for Celebration Will Do Away With Drilling Contests--Expected to Have \$1500 to Spend for Entertainment on That Day

At the meeting of the Fourth of July committees last night some important changes were made in the program of sports. It was decided not to hold drilling contests as first planned, but to substitute tug-of-wars and Cousin-Jack wrestling matches on the streets. There are quite a number of the exponents of this art of wrestling in Tonopah and it is planned to stretch a canvas in the middle of the street and offer a substantial prize for the championship.

For the tug-of-war it has not been fully decided what restrictions

will be placed on the teams in their make-up, some suggestions being that the teams represent the different mines, and others that they be made up of married men on one side and single men on the other.

The finance committee expects that the total sum raised for the celebration will be in the neighborhood of \$1500.

A meeting of the sports committee is called for 4:30 Monday afternoon and the general committees at 7:30 Wednesday evening at Harry Epstein's office.

SPECIAL PICTURE AT IDORA THEATER FOR THIS EVENING

"TEN NIGHTS IN A BAR ROOM."
ELECTRIC FANS WERE IN-
STALLED TODAY.

Electric fans have been installed at the Idora theater today and with the perfect ventilation of the theater, it will be found to be the coolest place in town. This is the last night of the Harvey Reese and Alfrey Sisters, and by special request the team will put on the boxing stunt that won so much applause on their opening night.

"Ten Nights in a Bar Room" is the headline in picturedom for tonight's show. This consists of over half an hour of entertainment, the picture being 2000 feet in length. At present only first-run pictures, or those that are sent on the day of release by the film companies, are being run at the Idora, and they do not arrive until the afternoon of the day they are to be shown, consequently it is impossible to publish the titles.

The new asbestos and steel-lined operating room is perfectly fireproof. Each opening is equipped with an automatic drop, which closes and fastens itself in case of fire, thus making danger from that source unnecessary. The public is invited to inspect it. During the past week the crowds have been so great that extra seating capacity had to be made and all the seats are now rearranged, making room for over 50 more. And our seats are the kind you can sit in with comfort.

Sunday night Whittie and Jarvis, the boys with the noisy feet, in singing and novelty wooden-shoe dancing, will appear at the Idora. This team is somewhat different from the usual line, because they do a new stunt every second of the time they are on the stage. Their change each night is a real change, entirely different, and worthy of the hearty applause they have elicited wherever they have appeared. They are here only Sunday, Monday and Tuesday.

CHURCH NOTICE.

Presbyterian church, St. Patrick street. Evening service at 7:45 o'clock; subject, "Orange Blossoms and Married Life." Everyone invited. Young People's service at 6:45 p. m. The Bible school meets at 9:45 a. m. Morning service at 11 a. m. All are invited to these services. Rev. Herman L. Burnham, minister.

ELKS WILL OBSERVE FLAG DAY TOMORROW

The local lodge of Elks will observe flag day tomorrow at 12:30 o'clock at their hall on Main street. The program as published in the Bonanza yesterday will be rendered.

Knights Templar parade and drill at the Butler tonight.

FIRST BASEBALL GAME OF SERIES FOR TOMORROW

GOLDFIELD TO PLAY TONOPAH
ON THE LOCAL GROUNDS.
CROWD EXPECTED.

Tomorrow the first game of the series between Tonopah and Goldfield will be played on the local grounds, and it promises to be a hotly contested affair. Both teams are confident of their ability to show the other how the game should be played. The Goldfield boys have been practicing faithfully and the Tribune states that they are in excellent form. The team has three pitchers in Hopkins, Reilly and Seltz. Seltz is well known in Tonopah, as he pitched for the locals two years ago. Reilly is a stranger, but Hopkins has been a member of former teams from the southern camp.

Men have been at work all week at the park and the grounds will be in excellent shape. Today they are being sprinkled and rolled and the bags placed, lines re-chalked and other improvements made.

The Volunteers have two good pitchers in Prout and Spencer, and the team will give them good support in both in and out-fields. The umpire for tomorrow has not been definitely decided upon, but will be some one who will understand the game. The lineup of the two teams will be as follows:

Goldfield	Position	Tonopah
Lamer	Pitcher	Willett
Hopkins	Pitcher	Prout
Mause	First base	Osgood
Grayson	Second base	Darrow
Crosby	Third base	Perry
Reilly	Shortstop	Hunter
Seltz	Left field	Peck
Mann	Center field	Hutton
Albright	Right field	Quillie

Game will be called at 2:30 and the general admission will be 50 cents.

ORE SHIPMENTS.

The following ore shipments were made from the Tonopah mines for the past week:

Mines	Tons.
Tonopah Mining	3300
Belmont	2100
Montana-Tonopah	1039
Tonopah Extension	980
Midway	50

Total.....7469
The estimated value of the ore is \$186,725.

DIAZ IN SPAIN.

VIGO, Spain, June 17.—Former President Diaz of Mexico arrived in this harbor yesterday from Vera Cruz, Mexico.

4191
